# TEXTILE ART

---

Lauren's artwork represents a series of works created in her renowned *Canvas With Movement*® textile medium.

This collection of contemporary art embraces organic movement and color blending on custom spun wool fibers, suspended to form a unique canvas, bringing dimension and interest to walls all over the world.

Previous works below have sold and should guide in the commission process. When considering the details for your commission, note the variances in layers of color and attention to detail in the trimming of each piece, understanding that no two pieces will ever be alike.
